

LE GRAND CONCOURS

Spring Break, Congrès, Teacher Evals, Easter.... March and April are crazy, but check out why other teachers still use Le Grand Concours to have access to excellent **authentic resources** at ALL levels with multiple choice practice written by test development experts. Many believe the best part is that you and your students have access to multiple past tests for practice. Check it out and see how you could “parlay” this tool into building your program and building confidence in your students.

It's not too late - your students can participate until April 5th!

Job postings

Doral Downtown Charter Elementary School is still looking for a French teacher for next school year. Check out the details [here](#).

Volusia County also has several French teacher positions.

Come and teach at the beach!

Volusia County Schools (Florida) is opening two elementary French programs in the 2023-2024 school year. I selected the schools because of their innovative principals who have consistently high teacher retention. This program will be part of the Special Area rotation, so the teachers will see their K-5 students every 6-7 days. The selected teachers will be paid to plan together with the World Languages Coordinator over the summer, initially planning for K-2 and 3-5 lessons. This is a tremendous opportunity to build an elementary program that will ultimately feed into each of our two high school French IB programs. Energetic French teachers should direct any questions and **send their resumés** to Grace Kellermeier, Ed.D.

Volusia County Schools (Florida) will have a high school French vacancy because one of our French IB teachers is retiring at the end of this school year. She has built a full program at DeLand High School, and the students are wonderful! This is an opportunity to continue a tradition of excellence. Passionate French teachers should direct any questions and **send their resumés** to Grace Kellermeier, Ed.D.
